August 11, 2011

Dear Arch Customer:

Effective September 1, 2011, Arch Chemicals, Inc. will increase all off-list prices of glycol ether Poly-Solv® EM, DM, and TM by .03/lb., and Poly-Solv® MPM, DPM and TPM by .03/lb. These price increases are necessary given higher raw material costs.

We may find additional price increases necessary given increases in raw material, utility and other costs. In addition, your purchases prior to September 1 may be limited depending on available product inventories.

All other terms and conditions remain unchanged. If you have any questions, please contact your local Arch Account Manager. We appreciate your continued business.

Sincerely,

*Christopher J. Cice*
